2015 Civic Census Overview

The Civic Census is completed annually beginning in the month of April. In 2015, Census online – self filling census was introduced to the city for the first time. Data is now collected online by residents and door-to-door by Census Takers. The Civic Census door-to-door collection methodologies continued with the use of mobile computing devices. The data collected by Census Takers was transmitted directly over the cellular telephone network to city databases.

A summary of the results from the 2015 Civic Census are as follows.
