

KIDS

Have the power!

A fun activity and learning sheet.

Three small ways you can help the environment:

1

Turn off lights and other electronics when not in use.

2

Close windows and doors so your furnace or air conditioning does not have to work harder.

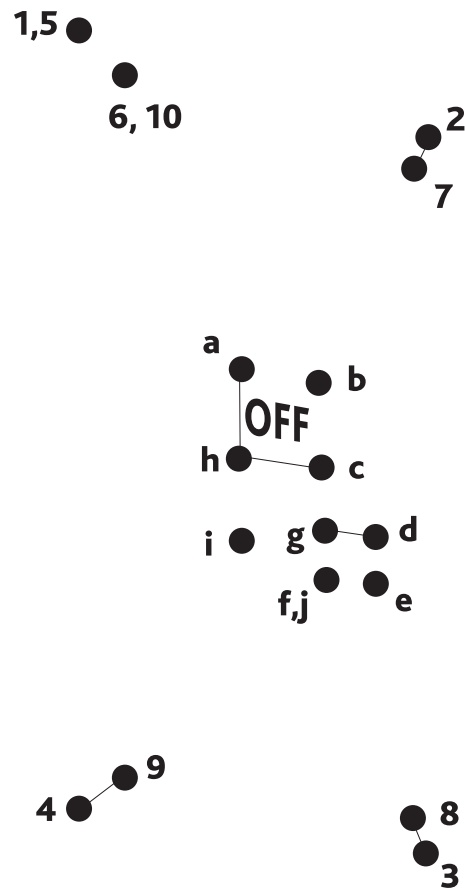

3

Save water when you are brushing your teeth. Just wet your toothbrush, then turn off the water. Turn the water on again to rinse it.

Connect the dots

to reveal a powerful way to help the environment.
