CALGARY POLICE SERVICE

1st Quarter 2024 Statistical Report

Compiled by: Corporate Data & Analytics
Bureau of Corporate Performance
© Calgary Police Service 2024

Executive Summary

- Total violent crime in the 1st Quarter was 3% above the 5-year average but 4% below the 1st Quarter of 2023. Assaults increased 8% in the 1st Quarter with above average volumes noted across several assault types.
- There were five homicides during the 1st Quarter of 2024, in line with the five-year average (5). Two of the five homicides were domestic-motivated.
- Reported sexual offences were 12% below average in the 1st Quarter and 10% below volume in Q1 2023.
- Robberies were down 13% in the 1st Quarter of 2024 with all robbery types registering below average volumes.
- Assaults increased by 5% during the 1st Quarter compared to the 5-year average with noteworthy increases of assault against peace officers and common assaults.
- The presence of weapons in violent crime was only slightly higher than the 5-year average during the 1st Quarter (+3%) with a notable reduction of firearms (-22% compared to average).
- The number of victims of domestic violence increased 3% in the 1st Quarter from the 5-year average.
- Property crime volumes were 25% below the 5-year average in the 1st Quarter of 2024 with noteworthy declines of most property crime types with the exception of fraud.
- The total number of young offenders identified was 4% lower than the 5-year average during the 1st Quarter with a 4% reduction in violent crime with decreases across most violent types (except a 22% increase of assaults). Property crime decreased 6% with only a noteworthy increase of break and enter.
- There was an average volume of youth victims of violent crimes during the 1st Quarter driven by reductions of sex offences and robberies offset by increases of assaults and miscellaneous person crimes.
- The total number of police service requests during the 1st Quarter was 1% below the five-year average. Police attended an average of 954 calls a day. This is 5% below the 5-year average.
- Citizen use of the online reporting system was 5% higher than the 5-year average during the 1st Quarter, with 48 reports per day.
- Disorder calls accounted for an average of 183 calls per day from the public during the 1st Quarter of 2024. There was a 15% reduction in the first three months of 2024 compared to the five-year average with declines noted across most disorder call types.

Table of Contents

REPORT NOTES

Most of the statistical data in this report is derived from the Calgary Police Service records management system (SENTRY). Disorder data is derived from the Computer aided Dispatch (CAD) system. Data is compiled by the Corporate Data and Analytics Team of the Bureau of Service & Community Support.

Reporting is based on the most serious offence in the incident. Please note that offences are assigned to the month in which the offence was *reported*, which is not necessarily the month the offence occurred. The reported date is the first point in time at which the police were notified of the offence and reporting lag may vary due to circumstances (these are typically property crimes where the victim did not report the offence until a later date, or was unaware of the loss until a later date, or late-reported sexual assaults). Also note that "attempted" offences are included in these totals. Violent crime, excluding robbery, is counted by the number of victims, using the most serious offence against the victim. Robbery, and all other crime, is counted by incident using the most serious offence in the incident. Of note, cases are often cleared months and sometimes years later. Consequently, clearance rates for previous years may appear to be much higher than those of the present year. Cases "cleared by charge" and those "cleared otherwise" are included in these clearance rate totals.

For a more detailed explanation of the offence counting methodology, please contact the Corporate Data and Analytics Team (Bureau of Service & Community Support).

Source: Sentry, June 2024; Averages have been rounded to the nearest whole number; difference from average is calculated based on the unrounded figure.

[1] Violent crimes are counted at the victim level using the most serious violation against each victim in an incident. [2] Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. [3] Robbery and all other crimes, as well as selected domestic non-criminal incidents, are counted at the incident level using the most serious offence in the incident. [4] Missing persons are counted by the number of missing individuals.

[1]Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. [2]The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five year period.

[1] Includes Online Citizen Reports (OCR). OCR allow for reporting of low value property damage/theft (incl. shoplifting) and property lost/found. Not all OCR submitted are entered into the police records management system.

[2] Attended calls for service, excluding callbacks.

[3] Calls for service included in the "Mental Health Related" sub-category in this section include calls specifically coded as a mental health concern or mental health warrant. It is important to recognize that any call police are asked to attend may involve some element of mental health concern, even though they are not coded as such. Calls in this sub-category are not limited to public-generated calls as on the Disorder section of this report, as a result the numbers will not align between report sections.

[4] Number of calls for service where weapons have been mentioned/observed by the caller but are not yet verified by police.

NOTE: Disorder reported here includes only publicly generated calls. Dispatched, advised and callback calls are included.

Public-generated Disorder Calls for Service[3]
YTD January 1 to Mar 31 2024

Please note that there has been an update to the methodology for disorder in 2024 which includes the removal of threats and property damage reports. Disorder counts will therefore not be directly comparable to previously published disorder reporting.

[1]Mental Health Concern includes calls coded as a mental health concern or mental health warrant and does not reflect all calls relating to mental health.

[2]Landlord/Tenant and Neighbour Dispute call types expired in June 2020 but are still included within the five-year average for statistical comparisons. [3]
The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five-year period.

Source: Sentry, June 2024; Averages have been rounded to the nearest whole number; difference from average is calculated based on the unrounded figure.

1Violent crimes are counted at the victim level using the most serious violation against each victim in an incident.

2Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. 3Robbery and all other crimes, as well as selected domestic non-criminal incidents, are counted at the incident level using the most serious offence in the incident.

4A Due to delays in processing of these records figures are considered incomplete.

5Missing persons are counted by the number of missing individuals.

6**NEW**Provincial Bill 21 introduced new sanctions for impaired driving offences under the Provincial Administrative Penalties Act (PAPA) on December 1st 2021. See page 14 for additional detail on provincial Immediate Roadside Sanctions (IRS)for impaired driving. The implementation of the new provincial legislation (Provincial Administrative Penalties Act) has resulted in a significant reduction in impaired offences under the Criminal Code as most first time impaired drivers will be subject to only an IRS:FAIL (the specific administrative penalty under the Traffic Safety Act for criminal level impaired driving offences), unless the incident results in death or serious bodily harm or other significant aggravating factors in which case criminal charges should also be pursued.
