About the vote

Returning Officer's message

It takes a community to deliver a by-election that is legislatively compliant and accessible to all who want to vote. I'm grateful to the Calgary Catholic School District (CCSD) for providing several schools as voting stations, and to the Calgary Public Library, shelters and care facilities that are hosting an Advance Vote.

I also want to acknowledge the more than 200 election workers who will be welcoming voters to the voting stations. Their expertise and professionalism are essential to the voter experience.

For voters, the CCSD By-election is an opportunity to have your say in local separate school board representation. I invite all eligible voters to cast a ballot during the Advance Vote on Jan. 24 and 25 or on By-election Day, Jan. 31, 2025.

Your vote is your voice for students and Catholic education in our city. Thank you.

Katarzyna Martin
Returning Officer

What is the role of a school trustee?

Trustees act as advocates to ensure students receive the best possible faith-filled educational opportunities. Trustees must be prepared to put the needs of students first. They must also be willing to act in the best interest of all district schools and students and not focus their efforts on a particular issue or school.

As elected officials, trustees are accountable to the community and responsible for overseeing and directing the school district's operations. They are communicators, policy makers, role models and politicians. Their duties include: setting priorities for the school system based on available resources, adopting an annual budget, developing policies to guide administration and advocating to ensure education remains a public priority.

Catholic school trustees also play an integral role as advocates for Catholic education by ensuring students receive an education permeated by Catholic faith. As an Alberta Catholic school district, the Board of Trustees is accountable to both the Bishop of Calgary and Minister of Education.
