

Special Function Permit Private Property Example

46 Ave SW

MacLeod Tr S

Tips for a good site plan:

- Mark stage size/height/type details
- Mark whether stages are covered or not
- Mark emergency exits
- Label adjacent streets
- Mark venue entrance/exits
- Identify if the tents are individual tents or clusters of tents
- Mark tent dimensions
- Mark the coverage area of each cluster of tents
- Label the distance between tents
- Label the distance between tents and vegetation, including trees
- Label the occupant load for large tents
- Tents > 300 m2 in area require Professional involvement; architect and structural engineer
- All tents should be at least 3m from all buildings and vegetation like shrubs and trees. Label these distances.

SYMBOL LEGEND
