The drawing is an illustration of a project in the capacity of an architect and not an electrical engineer. It is intended to show the general arrangement of the building and not the detailed electrical design. It is not intended to be used for construction purposes without the services of a professional electrical engineer. The user of this drawing is advised to consult with a professional electrical engineer for all electrical work. The user of this drawing is advised to consult with a professional electrical engineer for all electrical work. The user of this drawing is advised to consult with a professional electrical engineer for all electrical work.
