

- Notes:
- Length: ~192m
 - height: ~2.7 - 4.4m
 - Construct new wall to match height and appearance to that of the south end.
 - Restore existing sidewalk.
 - Alignment of the wall must remain the same.
 - Maintain existing GM barrier on Crowchild Tr and be mindful of Traffic assets (Sign structure, S/L).
 - Restore BV (loam & seed).

Location 5: Crowchild Tr SW & 50 Av SW Sound Wall Lifecycle Replacement Project
