

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Community Association Representatives:

Name: Chris **Community:** Glenbrook Community Association

Bio: I have been a resident of the Glenbrook community for 8 years, and continue to be thankful I chose it to be my home. The ability to be part of a mature community is really what I love the most; the trees, established and local commercial shops, access to good transportation of all kinds from walking, driving, transit and biking and sense of community. I see the same great aspects throughout the adjacent communities in the Westbrook area and look forward to aligning the planning for the future.

Name: Grant **Community:** Glendale Community Association

Bio: I've lived in Glendale for over 35 years and grew up in Wildwood. I enjoy the R-C1 feel of the area feel and know we have to increase density and hope that this can be done smartly and with respect to residents and communities. As we grow I've asked that we grow smartly. These communities have been around for over 60 years and grown accordingly. I do not like the push by The City and developers to bring 60 future years of development at my doorstep in the next few years. SMART DEVELOPMENT.

Name: Carolyn **Community:** Killarney/Glengarry C/A

Bio: I love living local! Having lived in many different cities, I see the value of walkable communities and how the balance of shared open spaces, local businesses and access to transit can be successful. In the Westbrook Communities area, I love that I can get onto the Bow Cycle path in minutes, I like that I can walk home from dinner on 17th, we have great transit options, great schools, and I can get to the mountains quickly! Excited to collaborate and the opportunity to shape an urban realm

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Gary **Community:** Richmond Community Association

Bio: I have lived in a Westbrook Community for the past few years. I am currently the Director of Planning for the Richmond Knob Hill Community Association and I am also a member of the Montgomery Planning Committee. The most exciting part of being on this working group is we provide input that may shape how the Westbrook Communities grow and develop.

Name: Lori **Community:** Rosscarrock Community Association

Bio: As a Rosscarrock resident of 16 years, I am excited to participate in the development of a vision that will enhance and respect the diverse cultures, ages and needs of our residents and our neighbours, now and in the future. Infrastructure like the CTrain, designated bike lanes and accessible curbs results in a more walkable and accessible place to live and raise families, while creating opportunities to continue to influence and implement positive, safe improvements.

Name: Weston **Community:** Shaganappi Community Association

Bio: I live, work and play in Shaganappi. This community has potential to be one of the best in the city given its access to transit, range of housing options, and future mixed use along 17th Ave. I think a singular ARP can be beneficial for simplifying the planning process.

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Lois **Community:** Spruce Cliff Community Association

Bio: Resident of Spruce Cliff since 1982, with great neighbours and access to nature. The Community has changed a lot, not all of it without growing pains. Engaged communities are great places to live.

Name: Michael **Community:** Westgate Community Association

Bio: I have been in Westgate since December 2016. I love how friendly our neighborhood is, and also I feel like it is a great place to raise a family! My vision would be to continue to create and promote a modern yet safe community for years to come. It is exciting to have a say in the development of a community that you want to raise a family in. It is a privilege to have the opportunity to help shape this community for the next generation.

Name: Kim **Community:** Wildwood Community Association

Bio: I have lived in Wildwood for 10 years. I love the community in more ways than we could ever have expected. I am grateful to be a part of such a great neighbourhood, and to raise our daughter where she knows all of her neighbours and she knows them. I am hopeful that with time Wildwood will gradually become more diverse and also more walkable with more things to do. I joined this group to contribute, but also to further my keen interest in urban design

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Community Members

Name: Adam **Community:** Glenbrook

Bio: My wife and I bought our first home in Glenbrook in 2017. As a relatively new homeowner I'm interested in ensuring the community develops in a thoughtful way with an eye to the long-term. Let's anticipate the future and develop communities that work now just now, but into the decades to come. My priorities are reducing congestion, pollution, and cement jungles, and increasing sustainability and green community spaces.

Name: Ali **Community:** Glenbrook

Bio: I have been living in this community more than four years. This community has high rank schools and is very convenient. In my opinion it has a lot of potential to grow. It is close to downtown so it's going to be population absorbent in the future; and many companies' office spaces will be constructed in this area. As an Architect, Urban Planner, and resident, I have commitment to this community and would like to see improvement of the area and am ready to serve this challenging assignment.

Name: Ann Do **Community:** Glenbrook

Bio: Hello, my name is Ann Do. I've lived in Glenbrook with my son since the summer of 2013 when we moved to Calgary from Ha Noi, Viet Nam. A year later, I started working for a non-profit community services agency that has been active in the area for more than 20 years with its office in Killarney. I've developed a natural bonding with the Westbrook Communities area in the last six years! I love walking and my son loves biking. We really enjoy the area for its proximity to green spaces, public amenities, professional services and its easy access to public transit. I am interested in the long term and sustainable growth for the area.

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Jonathon **Community:** Glenbrook

Bio: The first house I lived in was on 37th street. I climbed trees, broke my arm, and had my first job on that street. Now, Westbrook is no stranger to me. The vital communities here are amazing, from Optimist to The Lawn Bowling Club. Moving forward, I would love to see more casual gathering places that encourage the smaller communities to mix. Central parks, interactive art, and well supported community led initiatives can take Westbrook and make it stronger.

Name: Robyn **Community:** Glenbrook

Bio: My family has lived in the Westbrook Communities area for over 30 years from when I was a kid to now with my own son. Through experience and education I now recognize that Westbrook Communities Area as having many foundational elements that make it great: from walkable streets, large trees, several parks, and local commercial. I hope to see these core elements expanded upon and to see diversification, densification, and a continued emphasis on healthy communities focused on people.

Name: Christine **Community:** Glendale

Bio: I moved to Glendale in January 2019. I love that the local community organizations host gatherings that bring together diverse community members over common causes. I have lived in Ottawa, Toronto, Halifax, Edinburgh (UK), Leicester (UK), Leiden (Netherlands) and Calgary and am passionate about community building. Infrastructure, density and new development have a huge impact on quality of life and I'm excited to be a member of this working group.

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Doug **Community:** Glendale

Bio: My wife and I recently moved to Glendale from an infill in Richmond/Knob Hill. The objectives of the move included a smaller house, more room for gardens and a workshop, and proximity to a C-Train station. We were very pleased to find what we were looking for just two communities over, as we have grown very attached to this area. My contribution to the working group will include sharing the experience I gained during the nine years that I acted as Chair of RKHCA's Development Committee.

Name: Brian **Community:** Killarney/Glengarry

Bio: I have lived in the area for a little over one year after purchasing a home in Killarney. I enjoy the people of the community and the unique services and public spaces. My vision for the community is for diverse community, cultural, and commercial improvement. I believe the community can keep its charm, while at the same time offering new and unique experiences for current residents and guests. I wanted to be part of this community group to share my experience and learn from other residents.

Name: Candice **Community:** Killarney/Glengarry

Bio: *Biography pending*

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Diana **Community:** Killarney/Glengarry

Bio: Community of Killarney has been a home for my family for three years-since we moved to Canada from Russia. Proximity to Downtown and many parks, public transit options, good schools, mature tree-lined streets, a mix of housing, established recreation amenities - this is why I love the area! I also enjoy walking and eyeing the charming older houses. I like that I can get by without a car but would love to see walkability improved, more pedestrian and bike-friendly streets, new communal urban spaces.

Name: Lisa **Community:** Killarney/Glengarry

Bio: I've lived in Killarney since 2005. I grew up in nearby Glamorgan and attended AE Cross and Ernest Manning so I have a long history with the area. What I love most is the area's walkability, wide range of businesses that cater to all my needs, access to many transportation corridors and the easy access to the river pathway and the trails in Edworthy, my happy place! I want to see Westbrook remain a diverse community full of many different housing options and local small businesses.

Name: Michelle **Community:** Killarney/Glengarry

Bio: I have been a resident of Calgary since 2007. I am an Environmental Scientist and Partner at a local Environmental Consulting firm. My husband and I purchased a house in Killarney in 2015 and Killarney has quickly become home. We love the proximity to downtown and are thankful for our neighbours that have become our friends. I am excited to be a part of this working group to help achieve a safe, accessible, and vibrant community that feels like home for current and future residents.

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Andrew **Community:** Richmond

Bio: Richmond resident for 10 years, I enjoy the green spaces but also the proximity to Marda Loop and downtown. My vision for the area would be to continue to add density to the areas which are currently designated that way, while ensuring to protect and respect the residential areas and their parks. I would advocate to ensure public transit growth matches the population growth. I am interested in participating in the working group to be part of building the community where I live with my family.

Name: Brenna **Community:** Rosscarrock

Bio: I'm a new resident in the Westbrook Communities area, but I'm very happy to be living here. My partner and I love our neighborhood, with easy access to transit, the public library, shopping, and green spaces. Our dog is happy too - he loves being near Edworthy park for long walks. I have a vision for the area that blends pedestrian and pedal-friendly spaces, parks, and public institutions effectively to be a 'home hub' for a diverse group of city residents (rental and owners).

Name: Gennaro **Community:** Rosscarrock

Bio: My family recently moved into the Rosscarrock neighborhood in 2019. I enjoy the active community association, family atmosphere, and many great restaurants and shops throughout the community. I am excited to meet members from across the community and gain a better understanding of the development opportunities and stakeholder concerns to ensure the long term success and vibrancy of the Westbrook communities. When I am not part of the working group, I am a banker.

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Noni **Community:** Rosscarrock

Bio: I am a native Calgarian, born and raised in southwest Calgary. I moved to the community five years ago; having looked at many different communities in the SW. I love the convenience of the transit access, retail, pathways, and other amenities that are offered. The Westbrook Communities are comprised of a great group of communities with a lot to offer - the vision should reflect the best of each specific area. I'm keen to learn more about the people, flavors, and elements of each of these areas.

Name: Shonny **Community:** Shaganappi

Bio: I moved to Shaganappi in April 2019 and specifically chose this area due to its central location. What I love most about the area is the established neighborhoods with character as well as the mix of the new homes. Lots of trees and parks too! In the next 20-30 years, I think it would be great if the Westbrook Mall area/c-train station were beautified. I would also like to see the 17th ave area centralized in a way like Marda Loop. I'm excited to meet new people and learn something new!

Name: Chantal **Community:** Spruce Cliff

Bio: I'm a recent addition to the Westbrook area. I moved here in July 2019 knowing very little about the area and I am glad I did! The area offers an amazing quality of life with easy access to transit, restaurants, river pathways, and other amenities. I believe nature is essential to the well-being of citizens and am an advocate of preserving green spaces in neighborhoods. I am excited to learn from the diverse perspectives of committee members as we work together over the coming months.

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Kate **Community:** Spruce Cliff

Bio: I'm a year-round cycling commuter who's been living in Spruce Cliff for three years. I love how easy it is to access the city by cycling from Spruce Cliff, and I love that the area has great shopping, living, and transportation amenities. My vision for the Westbrook Communities is a strong focus on density, mixed use, active transport, and transit to make a sustainable and desirable neighborhood of the future. I wanted to join this group to be a strong voice for active transport and transit.

Name: Michael **Community:** Spruce Cliff

Bio: I have lived in Westgate Park since 2007 and have seen many developments shape our community, most notably the West LRT. These neighborhoods have the highest growth and gentrification potential in the entire city, which I believe will occur through smart and thoughtful development. I'm excited to meet like-minded and engaged neighbors to explore this vision with. I am a marketing director at a large architectural firm, and have worked on many well-known buildings across Calgary and Canada.

Name: Brittany **Community:** Upper Scarboro

Bio: Our family relocated from the suburbs to Upper Scarboro in 2017 to simplify our lives. We enjoy an active lifestyle and this community has allowed us to be within walking distance to work, schools, grocery stores, a golf course and a pool among many more amenities. In the short time we have been here we have seen rebuilds on our street as well as well as many upgrades to original homes, which excites me and has me wondering what the Westbrook Communities will look like in the decades to come.

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Jody **Community:** Westgate

Bio: I am really excited about being part of the Westbrook Communities Working Group! I have been living in this area for 11 years, and love the proximity to downtown, the accessibility to great schools, and great recreational spaces. As part of the working group I hope to influence the growth in this area to further develop it as a vibrant inner-city community. I want to ensure the diversity is maintained, and improve pedestrian access to outdoor spaces, pathways, schools, shopping, and restaurants.

Name: Jon **Community:** Westgate

Bio: I've lived in Calgary for almost 20 years and have been a resident of Westbrook for the past 10. It's the part of the city that my family and I have chosen to live due to its proximity to both downtown Calgary and the mountains. We've seen some changes in the area and are looking forward to further growth and improvements to make the area one of the most livable and desired parts of the city for people to live, work, and play.

Name: Larry **Community:** Wildwood

Bio: Originally, my wife and I were attracted to Wildwood for its proximity to Edworthy Park, the Douglas Fir Trail, and a quick exit to the mountains. Thanks to our children, our connections expanded to include the areas' schools, recreation, and a broadening circle of friends. For me, being part of the Working Group is about working with others to create a Local Area Plan that guides how people will intersect with their physical space in a way that builds connections within our communities.

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Tyler **Community:** Wildwood

Bio: I purchased my first home last summer in the Wildwood community. The proximity to the city core, the tree lined streets, and the ease of weekend escapes are what I love about living here! I would like to see our community focus on a plan that includes urban density and development that keeps us competitive in attracting young urban professionals. I look forward to gaining a deeper understanding of the planning process, and collaborating with my community over the next year.

Industry Representatives

Name: Boris **Interest:** Industry Representative

Bio: Boris is an Urbanist, Urban Planner and longtime inner-city resident. As an Urban Planner at CivicWorks, Boris lends his expertise in land use and development planning, physical design, communications, and information architecture to projects that help shape the future look, feel and function of Calgary's inner-city communities and balance today's needs with those of future generations.

Name: Chris **Interest:** Industry Representative

Bio: I joined this group as a representative of the industry and a past resident of this area. The first home I owned in Calgary was in the community of Killarney. We loved the 5 years we spent in this wonderful. I wanted to be a part of this group because there are so many opportunities, including realizing the full potential around the train stations and working to connect communities based on shared experiences, which make me excited about the future of this area.

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Eva **Interest:** Industry Representative

Bio: I have lived in Killarney for the last five years. I enjoy living in this thriving community for its transit-oriented location, a broad range of amenities, and a mixture of building styles. Besides being a resident, I continue to invest in this area. Currently, I am leading a rental rowhouse development project in Shaganappi. It's such a pleasure to volunteer. I am here to learn the growing needs of the local residents and hope we can all work together to shape a better community.

Name: Nazim **Interest:** Industry Representative

Bio: *Biography pending*

Name: Sean **Interest:** Industry Representative

Bio: I've lived in Killarney since 2014 and operate an infill home building business largely within the Westbrook Communities area. I've also volunteered over the past few years on the Killarney Planning Committee. My favorite part of living in the Westbrook Communities is how it compresses the size of the city allowing easy access to the best of Calgary's economic and cultural areas.

Westbrook Communities Local Growth Planning

Multi-community Stakeholder Working Group

City Project Team

Name: Heloisa **City Department:** Community Planning

Bio: I am a Planner with 17 years of diverse experience in Canada, USA and Brazil. Before joining the City of Calgary in July 2019, I worked for the City of Edmonton as the Project Lead for Breathe: Edmonton’s Green Network Strategy, which was the recipient of two National Awards in 2018 (Canadian Institute of Planners, Canadian Association of Landscape Architects). When I am not at work, I like being active, gardening, cooking and baking, and making crafts.

Name: Alexia **City Department:** Calgary Growth Strategies

Bio: Alexia possesses a background in the fields of architecture, urban design, landscape architecture and planning. Born in Red Deer into a French Canadian family, she completed her high school in The Netherlands, and then moved back and forth between Edmonton and Québec City, studying natural sciences at the U of A and completing a bachelor of Architecture at Université Laval, during which she completed the final year of the program in Córdoba, Argentina. In 2018, Alexia graduated from the University of Calgary’s first graduating class of the Master of Landscape Architecture program. Throughout her educational and professional experiences, Alexia has developed interest in a variety of topics, from broad city planning, to winter city design in our Northern context. Outside of work, over the past three years, Alexia has been volunteering with the Pacific Assistance Dogs Society (PADS) as a puppy raiser for service dogs in training. She is fluent in both French and Spanish, and always enjoys sharing a conversation in any language. Alexia is currently working with the Legislation & Land Use Bylaw team at the City of Calgary. Recently, she was involved in helping to create the Guidebook for Great Communities.

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Kate **City Department:** Calgary Growth Strategies

Bio: Kate has worked for the City of Calgary since early 2016, first in Community Planning and now for Calgary Growth Strategies. Previously, Kate worked as a Development Planner for the Town of Canmore, and gained experience working for MakeCalgary and Sustainable Calgary while she was a student at the Faculty of Environmental Design. Known as an eternal optimist and an all-round lover of adventure, Kate gets outside as much as she can in between working as a planner and indulging her radio/podcast habit/addiction. Kate is also a sucker for corny

jokes and a good pun, especially if they are planning related – if you know any good ones send them her way!

Name: Peter **City Department:** Community Planning

Bio: I'm a Senior Planner at The City of Calgary and the coordinator for the Local Area Plans strategy. I'm super excited to work on the Westbrook Communities plan. I think the communities have a lot to offer people and want the plan to build on those strengths!

Outside of my day job, I like to cycle, snowboard, swim, climb, and play disc golf. I love reading non-fiction books and cooking.

Name: Jenna **City Department:** Community Planning

Bio: I'm a Planner in Community Planning at The City of Calgary and am one of the project leads for the Westbrook Communities plan.

Westbrook Communities Local Growth Planning Multi-community Stakeholder Working Group

Name: Emma **City Department:** Engagement

Bio: I've worked for The City of Calgary since 2016. I bring over 12 years' experience, which includes a focus on community development in both the non-profit and oil & gas sectors. Since joining The City, I've worked solely on Land Use Planning projects. Outside of work I'm a big fan of my two dogs and escaping to the mountains at every opportunity. The project outcome I'm most passionate about is ensuring a valuable and transparent engagement process that acknowledges diverse perspectives and brings people together to find positive solutions.

Name: Jen **City Department:** Engagement

Bio: I'm a born and raised Calgarian that grew up in Southwest Calgary. I've worked for The City of Calgary for 11 years in various communications & engagement related roles. Outside of work I enjoy escaping to the mountains with my family, photography, and getting lost in a good audio book. I'm excited to be a member of the working group to ensure that participants have a meaningful experience which is inclusive, transparent, and positive.

Name: Steph **City Department:** Engagement

Bio: I was raised in the mecca otherwise known as Okotoks and grew up adventuring around the south end of Calgary – always jumping on the C-train at Anderson and heading north to the metropolis of downtown - to the good ol' TD Square; it was truly a whole new world then. I am a HUGE fan of the Montreal bagel shop on Heritage and Elbow - if you haven't been, definitely check it out! When I'm not kicking back and enjoying a sweet bagel, I get out to the mountains as much life will allow to snowboard/hike and adventure with my family. I have been with The City's public engagement team for 7 years, and have been fortunate to be a part of many projects varying in size and scale. I am looking forward to contributing to the Westbrook Communities' team and supporting a transparent and meaningful engagement process for everyone.
